

Subject: PFAS (Per- and polyfluoroalkyl substances) Inquiry

Product(s): All HDM products shipped in Aicello bottles

This information is being provided to assist our customers and their value chain with regulatory compliance obligations in various regions of the world.

HD Microsystems ships commercial products in Aicello bottles with the exception of ancillary products. Accordingly, any PI/PBO type products will be shipped in these bottles. Aicello bottles are the industry standard packaging material for liquid formulations used in semiconductor manufacturing. They are manufactured to exacting standards and are able to meet the robust purity and product protection requirements required for the products HDM manufactures.

Please refer to the attached letter from Aicello which discloses all necessary information about the PFAS content of these bottles.

To date, there are no known regulatory restrictions which prevent our customers' use of HDM products in their intended applications worldwide.

We value your business and remain committed to delivering innovative and sustainable products to you today and in the future.

Yours Sincerely,

Supplier Name: HD Microsystems LLC

DECLARATION

We report that the use situation of the following chemical substances is as follows about the following products supplied to your company.

Object Products:

- 100ML CLEANBARRIER(C) R
- 250ML CLEANBARRIER(C) R
- 1L CLEANBARRIER UVN SD R
- 1L CLEANBARRIER A ROUND(C)EX R
- 4L CLEANBARRIER SGL(C)EX R

Object Substances: PFAS (Perfluoroalkyl and Polyfluoroalkyl Substances)

Survey Result: Regarding products, we use PTFE (polytetrafluoroethylene; CAS No. 9002-84-0) as part of the gasket materials.

Item Code	Description	Size	HTS Code	CAS No.	Name of Material	Concentration of PTFE*)	Purpose/Function of PTFE	Intentional PTFE
CLC2042975	100ML CLEANBARRIER(C) R	100ml	3923.30.00	9002-88-4	PTFE	10%	PTFE coated gasket to seal product in bottle	Coated to surface of gasket
CLC2042977	250ML CLEANBARRIER(C) R	250ml	3923.30.00					
CLC2042832	1L CLEANBARRIER UVN SD R	1L	3923.30.00					
CLC2042963	1L CLEANBARRIER A ROUND(C)EX R	1L	3923.30.00					
CLC2042842	4L CLEANBARRIER SGL(C)EX R	4L	3923.30.00					

*) The PTFE concentration represents the proportion of PTFE within the gasket
